Jake Farber, a 10-year-old from Wheaton, was diagnosed with Type 1 Diabetes at age 4. Facing challenges with managing his diabetic pump while playing his favorite sports, he founded Volare and invented the Stealth Fit Sport Bag.

The Stealth Fit is a multi-functional, lightweight fanny pack that securely holds your necessities, fits close to the body and minimizes bounce during vigorous exercise.

Jake proudly contributes to the Juvenile Diabetes Research Foundation with each Stealth Fit sale, supporting diabetes research.
